The NHS North West Advanced Practitioner Celebration Event is specifically designed for those involved in the development of new advanced roles. This is a chance for delegates to learn and benefit from the experience of the NHS North West, and its partners in terms of the delivery and development of the Advanced Practitioner role.

Our aim is to give attendees a whole perspective of developing, planning, and commissioning the role to understand the key outcomes and benefits. Motivating and engaging speakers combined with a vibrant exhibition, allow attendees to experience and learn first hand from organisations directly involved in role development.

We are pleased to announce that our keynote speakers for this event are Chris Mullen MBE and Andrew Foster. Chris is Associate Director of Workforce Strategy, NHS North West. Andrew is the CEO at Wigan Wroughtington and Leigh NHS Trust. Prior to this he worked as HR Director at the Department of Health.
